

## Photo Story 3

Presented by  
Barbara McLaughlin & Teresa Harrison  
Business & Learning Technologies

1

## Workshop Objectives

This workshop will:

- 🖼️ Introduce you to Photo Story 3
- 🖼️ Look at Photo Story 3 software
- 🖼️ Give you an opportunity to produce a Photo Story

2

## Workshop Agenda

1. **Intro and Demonstration of Photo Story 3**
  - 🖼️ Netcaster
2. **File Management: Create workshop folders**
3. **Software Check: Photo Story 3**
4. **Hands-on with Photo Story 3**
  - 🖼️ Create a Photo Story with your images

3

## Storytelling

Storytelling is an ancient art and has evolved from word of mouth

Today we can tell stories using software & multimedia to create powerful presentations.

This format would be known as:

**Digital Storytelling**

4

## What is Photo Story 3?

- 🖼️ Presentation software
- 🖼️ Uses a wizard format to assist the user to create the presentation.
- 🖼️ Wizard allows import of pictures, & then sound, text, effects and transitions can be added to the pictures.
- 🖼️ Free software from Microsoft
- 🖼️ Used predominantly for Digital Storytelling

5

## Photo Story 3 Tools

Software, such as Photo Story 3 allows us to add:

- 🖼️ Graphics
- 🖼️ Titles
- 🖼️ Narration (you can *add* the narration)
- 🖼️ Motion and Transitions (and you can customize)
- 🖼️ Sound

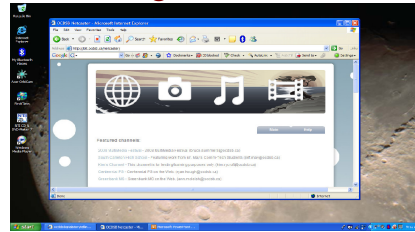

6

## Photo Story 3 Demo

7

## Sharing with Netcaster

Publish your completed masterpieces at our OCDSB Digital Showcase  
[blt.ocdsb.ca/netcaster.ca](http://blt.ocdsb.ca/netcaster.ca)

8

## Resources

- **Flickr** is an online photo sharing site
- **Flickr** allows you to use an **Advance** search for non-copyrighted free photos [www.flickr.com](http://www.flickr.com)
- Music is available from [freeplaymusic.com](http://freeplaymusic.com)
- Teaching video that demonstrates Photo Story:  
<http://www.truevo.com/Photo-Story-3-Basic-Tuto>

9

## What if I Need Help?

- Consult your **documentation**
- **Hotline** is your next point of contact
- Available as support to you for:
  - Technical difficulties
  - Questions about using Photo Story 3
- Contact Hotline via **email** or **phone**
  - Email: [hotline@ocdsb.ca](mailto:hotline@ocdsb.ca)
  - Phone: 596-8273

10

## Participation Certificate

- Indicate **Yes** or **No** on the sign-in sheet
- Will be **emailed** to you in PDF format

11

## Get Organized!

1. Create a **folder** on your H: drive for this workshop called **"Photo Story Workshop"**  
 Start > My Document > File > New Folder.  
 A New folder will appear.  
**To rename: Backspace "New Folder" (in blue) and type "Photo Story Workshop"**
2. Double-click (open) your folder **"Photo Story Workshop"** and create 3 new folders. Name them **"Images"**, **"Project"** and **"Publish"**

12

## File Type is Important

- This file type indicates a project file and will open to the wizard.
- This file type indicates a file that is complete and ready to play.

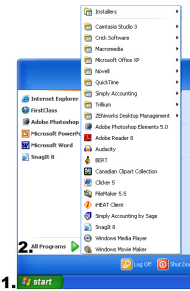

- File type is .wp3 and goes in “Project”
- File type is .wmv and goes in “Publish”

13

## Software Check

- First check to see if **Photo Story 3** is already installed

1. Start  
↓  
2. All Programs  
↓  
Photo Story 3

1. Start

## Software Installation

- If you didn't see **Photo Story 3** within “All Programs” you will need to install it:

1. Start  
↓  
2. All Programs  
↓  
3. Installers  
↓  
4. Photo Story 3

1. Start

## Hands On Time

- Please open Photo Story 3 and create your Photo Story.
- Remember to keep all your Workshop files in the folder we created:

**Photo Story Workshop**  
**Images**  
**Project**  
**Publish**
